ASBIS Group presented its own brand «Canyon Gaming» at the Consumer Electronics Show «Inspiration village» in Belgium

PUBLISHED SEP 14, 2022
BY ASBISC ENTERPRISES PLC

ASBIS Group, a large international holding engaged in the distribution of IT products, presented products from its own brand «Canyon Gaming» portfolio at the partner stand of House of Music and Accessories (HOMA) company at Inspiration village on September 12, 2022 in Belgium. The organizer of the exhibition is Connect+ Group, creator of a platform that connects more than consumers, SMEs, producers and the self-employed.

Canyon Gaming is a series of PC accessories created for gamers. The devices are a perfect choice for those who like unique design and extended functionality for an affordable price. At Inspiration village Canyon presented mice, keyboards, gamepads, headsets, mousepads, floor mats, gaming chairs, gaming sets, bungees & stands.

Canyon Gaming accessories are constructed from high-quality materials and designed with the perfect ergonomic shape.

Canyon Gaming series have special extra-gaming features: programmable buttons, onboard memory modules and unique style.

Canyon team highly values joyful user experience and qualitative materials, affordable for an average user.

«We extended an invitation to more than 2,000 exhibition guests to visit us on our stand to touch and feel Canyon gaming devices and to meet our specialist team, Hamish Munton and Ritesh Badal, in person who were eager to share more about our products and technologies», – comments ASBIS own brands International Sales Director Sergey Esenin.

ASBIS is committed to offering business clients and partners innovative high-demand technology products. The company provides quality, affordable and reasonable cost and advanced engineering. This ensures success in the most competitive and developed markets.ASBIS has established a demanding quality control system, thoroughly testing products step by step before entering the consumer market. All products have the required certificates of conformity in the appropriate international formats.
