EIOPA publishes monthly technical information for Solvency II Relevant Risk Free Interest Rate Term Structures – end-August 2022

PUBLISHED SEP 5, 2022
BY EUROPA

Today, the European Insurance and Occupational Pensions Authority (EIOPA) published technical information on the relevant risk-free interest rate term structures (RFR) with reference to the end of August 2022.

RFR technical information has been calculated on the basis of the content of the technical documentation under Background material.

All the documents are available on RFR specific area on EIOPA's website.

Technical information relating to risk-free interest rate (RFR) term structures is used for the calculation of the technical provisions for (re)insurance obligations.

In line with the Solvency II Directive, EIOPA publishes technical information relating to RFR term structures on a monthly basis via a dedicated section on EIOPA's Website also containing the release calendar for 2022, the RFR Technical Documentation, the RFR coding and Frequently Asked Questions.

With this publication, EIOPA ensures consistent calculation of technical provisions across Europe.
