

# ESMA reminds issuers of the main IFRS requirements amid the war in Ukraine

PUBLISHED MAY 13, 2022  
BY [EUROPA](#)

ESMA recognises the human cost of Russia's military aggression against Ukraine, and the significant challenges to business activities and effects on the global economic and financial system posed by the invasion. The statement, with the aim of promoting investor protection, provides overarching messages to issuers and auditors including:

A reminder of the main IFRS requirements which may be applicable in the context of Russia's invasion of Ukraine e.g., impairment of non-financial and financial assets, and loss of control;

ESMA's expectations regarding disclosures in financial statements e.g., judgements made, significant uncertainties, and going concern risks;

ESMA's expectations regarding disclosures in interim management reports e.g., direct and indirect impact of Russia's invasion of Ukraine and imposed sanctions on issuers' strategic orientation and targets, operations, financial performance, financial position and cash-flows, measures taken to mitigate the impacts, and cybersecurity risks; and

A reminder of issuers' obligations vis-à-vis the Market Abuse Regulation.

Next steps

ESMA expects issuers (in particular their management and supervisory bodies) and their auditors to consider the messages of the statement when preparing and, where applicable, reviewing interim financial reports.

ESMA and the European enforcers will focus on ensuring that adequate transparency is provided regarding the impacts and implications of Russia's invasion of Ukraine in financial information

published by European issuers.
