

Nestlé unveils plans to support the transition to a regenerative food system

PUBLISHED SEP 15, 2021
BY [NESTLÉ](#)

Nestlé is laying out its plans to support and accelerate the transition to a regenerative food system – one that aims to protect and restore the environment, improve the livelihoods of farmers and enhance the well-being of farming communities.

Press release distributed by Wire Association on behalf of Nestlé, on Sep 15, 2021. For more information subscribe and [follow](#) us.
