

Telefónica Tech boosts sustainable mobility with LIVALL

PUBLISHED OCT 25, 2022
BY [TELEFÓNICA](#)

- Telefónica Tech creates a new product category and includes LIVALL's smart helmets in its portfolio, which will be exclusively equipped with global IoT connectivity and advanced data services.
- The market-first product is jointly tested in Telefónica Tech's The Think lab and will be marketed across Telefónica's footprint to help businesses and consumers transform digitally in a secure and sustainable way.
