

Telefónica Tech connects FlashLED's smart beacons

PUBLISHED JAN 31, 2023
BY [TELEFÓNICA](#)

- The 'FlashLED SOS V16' beacon features Telefónica Tech's NB-IoT connectivity and will be available in the main automotive and consumer sector shops from 1st February.
- Telefónica Tech's connectivity solution will be progressively integrated with other manufacturers to connect millions of beacons in the coming years.
- The connected beacons will be mandatory from 1 January 2026 to replace emergency triangles and will enable the position of the stationary vehicle to be communicated to the DGT platform to optimise traffic management and road safety.
